

# Checkpoint Last Scan Date Report

Checkpoint Last Scan Date Report informs about the last time (date/time) that the selected checkpoints were scanned and by whom.

You can access the Checkpoint Last Scan Date report panel by clicking on the top toolbar “Reports” and “Checkpoint Last Scan Date Report” as shown below.

The screenshot displays the 'Checkpoint Last Scan Date Report' interface. The top navigation bar includes 'Reports' and 'Checkpoint Last Scan Date Report'. The main content is divided into two panels:

- Check Points:** A list of checkpoints with columns: ID, Check Point Name, Client - Site, Type, and Notes. A 'Refresh' button and 'Export to Excel'/'Export to PDF' buttons are at the bottom.
- Dates:** A table showing scan events with columns: Check Point ID, Check Point Name, Last Scan Date, Guard ID - Guard Name, and Event Type.

Check Point ID	Check Point Name	Last Scan Date	Guard ID - Guard Name	Event Type
181050	Port reception	2022-03-09 12:19:56	90a0b01098 - Marw Roussou	SCAN
181051	Main Entrance	2022-03-09 12:20:05	90a0b01098 - Marw Roussou	SCAN
197188	Lecture Hall - Form	2022-03-07 09:53:25	90a0b01098 - Marw Roussou	SCAN
