Using them, the client is able to login at followmystaff.com page and monitor their sites.

The screenshot displays the Follow My Staff web application interface. On the left, there is a 'Tours' panel with a list of tours and a 'Refresh' button. The main area features a map of a city with a red line indicating a tour path. A pop-up window on the map shows event details: 'Event Type: MME', 'Check Point Name: Storeroom 32 - form', 'Date: 2022-02-23 10:15:59', and 'Guard: 309'. Below the map is an 'Events' table with columns for Date, Event Type, Event Details, Check Point, Tour ID, and Image/Audio/Video. The table lists five events, including scans and incidents. At the bottom left, there are filters for 'Auto Refresh', 'Refresh', and 'Select Event Filter'. The bottom right shows 'Total Events: 5'.

Date	Event Type	Event Details	Check Point	Tour ID	Image Audio Video
2022-02-23 10:17:06	SCAN	The "A" Stadium - East Gate	181052 - Main Exit - Geo	309	X X X
