

Forms

By pressing the **FORM** button, a new page with all the available forms appears.

The image shows a smartphone screen displaying a form titled "Warehouse tasks". The form contains several sections:

- What is the the state of the building?**
Report if everything is OK
[Text input field]
- Report here any damages or break-ins**
Ignore if everything is OK
[Text input field]
- Did you check the basement**
Building A - Sector 2
Yes
No
- The building is locked**
Check if the building was locked
- When did you check the building**
Choose when the patrol was performed
[Dropdown menu]

At the bottom of the form are two buttons: "Cancel" and "Send Form". The phone's status bar at the top shows the time 11:12, signal strength, Wi-Fi, and 71% battery.

Select the form you wish to fill in and the client you wish to assign it to from the dropdown list. Next, select the checkpoint you wish to associate it with and start filling it in. Finally, press "OK" to send the form.
